Separately identifiable premiums	<p>Each LTC premium portion(s) may be eligible for a tax deduction or reimbursement from a health savings account (HSA), subject to applicable requirements and age-based limitations (subject to applicable requirements and aged-based limitations). The life insurance portion of the premium is not tax deductible or HSA-eligible.</p>	
<b>Qualification for benefits</b>	<p>To qualify for benefits, the insured(s) must be certified by a U.S.-licensed health care practitioner to have a severe cognitive impairment or not be able to perform 2 of 6 activities of daily living for at least 90 days. The required plan of care prepared by a U.S.-licensed health care practitioner will be created at the time of claim.</p> <p>The activities of daily living (ADLs) are bathing, continence, dressing, eating, toileting and transferring.</p> <p>The insured's 90-calendar-day elimination period must be met.</p> <p>The LTC claim must be recertified at least every 12 months. This means a U.S.-licensed health care practitioner must recertify the insured's qualifications for the claim. An updated plan of care must also be created.</p>	
<b>Unlicensed informal caregiver</b>	<p>Nationwide places no restrictions on how benefit payments are used — including paying family members or less expensive unlicensed caregivers. The plan of care prepared by a U.S.-licensed health care practitioner must outline that informal care is appropriate if such care is desired.</p>	
<b>International benefits</b>	<p>For international claims, 100% of the maximum monthly LTC Rider benefit and 100% of any LTC Inflation Protection Rider benefit are available while benefits are paid under the LTC Rider. No LTC benefits are payable under the LTC Extension of Benefits Rider or any LTC Inflation Protection Rider benefit associated with it.</p> <p>LTC Extension of Benefits Rider payment availability will resume if the insured returns to the U.S. and the available total LTC amount has not been exhausted.</p>

All guarantees and benefits of the insurance policy are backed by the claims-paying ability of the issuing insurance company. Policy guarantees and benefits are not backed by the broker/dealer and/or insurance agency selling the policy, nor by any of their affiliates, and none of them make any representations or guarantees regarding the claims-paying ability of the issuing insurance company.

Nationwide CareMatters II and Nationwide CareMatters Together are cash indemnity products that pay LTC benefits when one or both of the insured persons are certified to have a qualifying condition and a need for LTC services. Bills and receipts showing actual expenses do not have to be submitted for payment of benefits once a claim has been approved. Each year, the policyowner can receive, tax free, the greater of the HIPAA per diem amount or actual LTC costs incurred. However, benefits may be taxable under certain circumstances. Taxpayers should consult with their tax and legal advisors about their specific situation.

Keep in mind that the payment of Long-Term Care Rider benefits, as an acceleration of the death benefit, will reduce both the death benefit and net surrender value of the policy. Additionally, loans and withdrawals will also reduce both the net surrender value and the death benefit. Care should be taken to make sure that life insurance needs continue to be met even if the rider pays out in full or after money is taken from the policy. There is no guarantee that the rider will cover the entire cost for all of the insureds' long-term care, as this may vary with the needs of each insured. One of the insureds may exhaust the entire long-term care benefit. Nationwide pays the long-term care benefit to the policyowner; there is no guarantee that the policyowner will use the benefit for long-term care expenses if the policy is owned by someone other than the insured.

The policy this rider is attached to is noncancelable. This means that the policyowner has the right, subject to the terms of their policy, to continue their policy, provided they pay the scheduled premium on time. Nationwide cannot change any of the terms of their policy on its own and cannot change the scheduled premium.

When choosing a product, make sure that life insurance and long-term care insurance needs are met. CareMatters II and CareMatters Together are not intended to be a primary source of life insurance protection, so make sure that life insurance needs have been covered by appropriate products. Because personal situations may change (e.g., marriage, birth of a child or job promotion), so can life insurance and long-term care insurance needs. Care should be taken to ensure that these strategies and products are suitable. Associated costs, as well as personal and financial objectives, time horizons and risk tolerance, should all be weighed before purchasing CareMatters II or CareMatters Together. Life insurance, and long-term care coverage linked to life insurance, may have fees and charges associated with it that include the costs of insurance, which vary based on characteristics of the insured such as sex, health, age and tobacco use. Riders that customize a policy to fit individual needs usually carry an additional charge.

Nationwide CareMatters II and Nationwide CareMatters Together have exclusions, limitations, reductions of benefits, and terms under which the product may be continued in force or discontinued. For more details on cost and coverage options, contact Nationwide.

Approval for coverage under the policy and riders is subject to underwriting and may require a medical exam.

Nationwide CareMatters Together and Nationwide CareMatters II may not be available in some states. Please contact Nationwide to determine product availability in your state.
